

HAVE A PEACHY TIME IN BRENTWOOD!

By Roy Gursky, Harvest Time in Brentwood, Inc.

Experience a luscious, flavorful delicacy direct from the local orchards. Simply visit our local growers that offer this fruit direct to you, either as already-picked or U-pick. Within a five-mile radius of downtown Brentwood you'll find eleven growers still offering this delectable fruit and other items at their ranches or fruit stands through late August. Simply go to the Harvest Time website at **www.harvest4you.com** and select "Product", then "Peaches" to find these folks. Several on the list, including Bacchini's Fruit Tree, Lopez Ranch, Mike's U-Pick, and Papini Farms had earlier varieties and will have already been picked-out by the time you read this, however. Please call ahead to those still open for varieties, availability and open times.

For the less adventurous, you can always go to the Brentwood Farmers' Market downtown in the park at Oak and 2nd Streets on Thursdays, 4pm to 8pm, to find this favorite fruit and lots of other delicious items from local and contributing farmers. Don't forget to discover the downtown Brentwood merchants on your way in or out of the Market!

Happy Harvest!
